Description:
Nice to meet you!

I am glad to introduce me as a mandate of the scaper shipyard from China.

My buyer is always looking for the scrap ships that could be delivered to China port.

Our dealing terms are flexible and negotiable, but base on the delivery China port.

If you have any suitable vessel, pls give me your offer.

Besides, I am still a ship sale and purchase broker for all local and aboard ships.

Hope we could do the business together.

Best regards,

Rotti
