Additional information

Description:

OWNER HAS LEFT THE COUNTRY, AND ALL REASONABLE OFFERS WILL BE CONSIDERED!!

At one time, buying a Motoryacht meant choosing a design that stressed volume over style, and home-like accommodations and comfort systems over speed. With the Cruisers 385 Motoryacht, the gap between livability and sparkling performance narrows to nothing.

The 385 is the smallest of three aft-cabin Motoryachts offered by Wisconsin-based Cruisers Yachts, but like its larger siblings the 385 brings the benefits of the builder's 52 built_ins of experience designing good-looking, great-performing express cruisers. The 385 Motoryacht displays a blend of American and Euro-styling that is distinctly Cruisers and a turn of speed that will make other Motoryacht owners envious.

From the top down, there's plenty to like about the 385 Motoryacht's design. The flying bridge has a fore-and-aft, adjustable, double-width captain's seat with independent flip-up bolsters for an occasional elevated view forward, and a companion lounge to port for those who want to enjoy the view and keep the helmsman company. Sight lines are excellent, even aft, because the hardtop's leading edge is set back to allow a good view of the corners when backing in.

PANDA II is loaded with equipment and features a designer interior. She is mechanically squared away and in turnkey `condition`

Boat Name

PANDA II

Broker Comments
Ideal family cruiser with an abundance of sleeping arrangements plus plenty of room inside and out. Owners have adorned interior with a 'pleasing to the eye' African motif. Great sound system for the exterior as well. Original owner takes great care of this boat, all maintenance is up to date. Purchased new by current owner in 2008.
