SPACIOUS CUSTOM CHERRY WOOD INTERIOR
NEW PLASTEAK SOLE in Galley 'n Salon
GPS Chartplotter w/Sirius Weather Overlay
NEW 16k Reverse Cycle AC/Heat
RECENT HULL BUFF 'n WAX**

The SILVERTON 372/392 Diesel Powered Motor Yacht has an innovative design creating an interior salon as spacious as those found in mid-40 footer yachts. The sidewalk deck plan allows for full beam interior with spacious salon with entertainment center, an open layout galley with full sized refrigerator, two cabins, two heads each w/separate stall showers a flybridge with an amazing view, an aft deck with swim platform and more which makes her well suited as a great live-a-board, happy weekend party boat or comfortable cruiser.

Her twin Caterpillar diesel powered engines have been professionally maintained sparing no expense and kept to Cat specs on Cat's strict maintenance schedules. Well kept records and receipts show how well

she's been maintained. New risers recently installed at a cost of over \$5k. Kohler 9kw Genset supplies ample power for both AC units while away from dock.

The view from the Flybridge gives you excellent 360 degree visibility. She's well equipped with newer electronics including GPS Chartplotter(s), Sirius weather overlay, radar, VHF w/DSC and more.

Complete refit by Whiticar Boat Works in 2011 includes custom cherry wood cabinetry, installation of PlasTeak sole in salon and galley, new 16k BTU low amp draw reverse cycle AC unit, SS Water Heater, Lewmar Pro 1000 stainless windlass, new sunbrella canvas and isinglass panels and more.

FUEL: 286 gallons
FRESH WATER: 100 gallons
HOLDING: 60 gallons

Accommodations

Silverton designers have utilized every inch of space and made good use of a "flow- through" appearance which gives this boat the flavor of a much larger vessel. The interior space, coupled with the perfect traffic-flow pattern, gives the look, feel and comfort of at least a 45' interior!

The open salon consists of a leather couch opposite an cherry wood entertainment center with Flat Panel TV (Intellian Satellite), DVD, and stereo system, A custom cherry cabinet gives additional storage. New Plas Teak sole looks very new and modern. Curved L-shaped dinette with leather upholstery is opposite the galley.

The galley features Corian countertops, a full-size refrigerator with ice-maker, three-burner stove/oven, microwave, deep sink design and plenty of cabinets for storage.

Two staterooms, each with a queen berths, hanging closets and each with stall showers provide maximum privacy and comfort.

The raised aft deck has a hardtop for maximum sun/weather protection. The fly-bridge has a full-width bench seat, centerline helm seat and additional passenger seating forward.

2 zone Dual AC unit with reverse cycle heat keeps the interior extremely comfortable.

UPGRADES

2005:
Guest remote-controlled searchlight
