Condition:

Additional information

Description:

Regardless of age you won't find a better equipped or better maintained cruising boat in this size range than Drifter. Drifter is one of the great sailing yachts fully outfitted and rigged for cruising. A new survey backed by receipts and logs shows a cruising boat fully equipped and maintained to the highest standards. Standing rigging has been replaced. Engine has been replaced. Watermaker refurbished just last built_in puts out an amazing 48 gallons per hour! 950 watts of solar power! Wind generator. 6 Trojan 6 volt batteries in house bank. AIS receiver and transponder and much more. The whole boat was re-wired in 2001.

Don't let the age fool you. This boat isn't old. And it was built in the fast, safe sailing tradition of Columbia Yachts. This boat will be cruising long after you're gone.

Drifter is in Puerto Rico, already in the best cruising ground in the world. No sales tax is due. Flying in to Puerto Rico is easy and inexpensive. Once you're there provisioning is easy with no

customs to deal with, shopping at stores like WalMart, Costco, West Marine. Sailing to anywhere in the Caribbean or even back to the US is a piece of cake.

Boat Name

Drifter
