Exceptional 37' Tayana

Looking at this blue water cutter rigged, cruising sailboat from the dock, it will have you visualizing yourself sitting in a warm sunny harbor in the Bahamas. The first features you notice on this Tayana will be the beautiful teak decks and rails. As you step into the teak cockpit, surrounded by a bimini top and dodger you will be impressed with the magnificent opening hatch, that allows fresh air and sunlight into the main cabin. Stepping into the cockpit will give you a good idea of how easy she will be to sail with all the lines leading back

into the cockpit from the roller furling headsails. Going below, you will pass through two solid teak doors and step down the companionway ladder to the salon. Standing at the bottom of the ladder to port is the full galley with a double stainless steel sink, refrigerator/freezer, stove/oven and lots of storage. To starboard, is the navigation station with a full array of navigational electronics and after the nav station on the starboard aft quarter is a quarter berth with a privacy door. Moving forward is the salon, with a settee and sleeping bunk to starboard and to port, is a six person dinette. Moving forward from the salon, you will find the head/shower to port and storage cabinets to starboard. Just forward of this is the private V-berth, which comfortably sleeps two.
