Manufacturer Provided description_add

Her beautiful lines may be the first thing you notice about the 480 Sedan Bridge. But under that elegant demeanor beats the heart of a large beast - or rather, two large beasts - twin 640 hp QSM-11 Cummins MerCruiser engines. She's equally impressive inside, with three private staterooms, two full heads, three entertainment centers and sleeping accommodations for many people.

Engine Notes

MAN also available.
