Additional information

Description:

The impressive Stanley Pulsecraft, with handy drop-down bow gate for loading and offloading, has been compared to SUVs and pickup trucks, by owners who appreciate its versatile design.

With a self-draining floor and side door access, this boat also comes equipped with a dual console wrap-around windshield or center console, transforming it into the perfect vessel for cottagers, divers and beach-goers. Multiple options available, to customize your unique boat and make it one-of-a-kind. Available in 22', 24' and 26' models. (Larger Bullnose Landing Craft to 55' LOA.)

Available exclusively from Stanley Aluminum Boats, Canada. Built by Certified Welders to meet or exceed all applicable standards.

USA and worldwide delivery easily arranged.

Low rate financing available to qualified USA contractors and commercial users. Lease-to-Own terms for towns, cities, counties, and state agencies. Also see our line of Fire Rescue vessels and Spill Response boats.
