Bonny Light Crude Oil (BLCO) For Sale (CIF)

We are pleased to advise that we have a CIF opportunity for the sale and delivery of **2,000,000 barrels of Bonny Light Crude Oil (BLCO)** to the buyer's designated port of discharge, through our WAF partners who are close to the oil producer.

The Seller side is directly connected to the producer, with no intermediary seller between the producer and the buyer.

The Seller confirms the operational capability to perform CIF delivery with a seller-controlled VLCC, subject to buyer compliance, verification of banking instruments, and execution of the final SPA.

The transaction is available on a CIF basis. The full commercial, operational, documentation and banking procedure will be provided to genuinely interested and qualified parties upon request.

Interested parties are kindly requested to provide:

- Buyer / principal company name
- Contact person and position

- Whether acting as end buyer, buyer mandate, or connecting broker
- Proposed discharge port
- Required payment instrument / banking structure

Upon receipt of the above information, the full CIF procedure will be circulated for review.

The Seller side is also open to discussing a **12-month supply contract**, subject to mutual agreement on commercial terms, lifting schedule, product availability and contractual conditions.

Interested parties may review the procedure and identify any clause, operational step, banking requirement or commercial point requiring clarification, amendment or further discussion. Any proposed adjustment should reference the relevant clause number.

This opportunity is intended for genuine and qualified buyers or duly authorized representatives.

We look forward to hearing from inter
