İlan Detayları:

A two man design firm, Cuthbertson and Cassian, rocketed from obscurity to dominance. Not only were their boats fast, but they were well engineered, extremely well built, and always beautiful. As the trophies stacked up, so did the orders for new boats. Seemingly overnight, C&C became one of the largest sailing yacht builders in the world. Certainly it was the top performance boat builder in the world through the 1970's. The names are legendary: Red Jacket, Robon, Sorcery, Arieto, Evergreen, Rampage, Archangel and thousands of other well designed, fast and graceful boats that are still sailing today. (Manufacturer quote).

This C&C Landfall 38, ROKSOLANA, is a great looking and excellent sailing example of the C&C breed. She has been lightly used the couple built_ins as home when the owner is not at the helm of a maritime freighter.

ROKSOLANA Is a sturdy, fast and safe boat for anyone who would like sail the Florida Keys, Bahamas or do local racing.
